Accessing ASYCUDA

Navigate to the HM Customs Gibraltar [website](#) and click on the ASYCUDA World ICIS Environment. A file will be saved to your computer. After the download is complete, simply double-click the file to launch ASYCUDA. Please ensure that you have Java installed on your local computer for the program to function correctly. You can find additional instructions on our website on how to install and configure Java on a Windows machine.

How to view Bond Product Inventory

Start by logging into the ASYCUDA platform using your current username and password which has been created in the registration process.

- a. Insert your Login Name
- b. Insert your Password
- c. Click on the “Tick” symbol

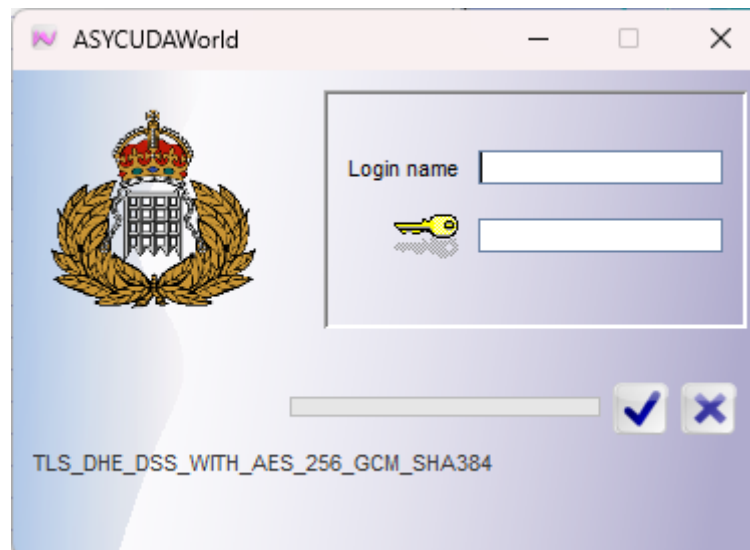

Figure 1 - Login popup

Navigate to your Document Library – see figure 2 below.

Figure 2 - ASYCUDA document library

Then proceed by following the steps below to navigate to the “WHS Product Inventory” section.

- Click on 
- Click on  **Goods Clearance**
- Click on  **Reports**
- Click on  **Stocks Management**
- Right click on  **WHS Products Inventory**
- Click on Report 
- Click on Find 

On the **warehouse inventory** fill in highlighted boxes with relevant warehouse code. Then select by product to view all current inventory.

The image shows a web form titled "Warehouse Inventory". At the top, there are three radio buttons: "By Product" (selected and highlighted with a red box), "By Company", and "By Country of origin". Below this is a "Parameters" section. It contains several input fields: "Warehouse code" with the value "PBTRAINING00" (highlighted with a red box), "Training" (a text field), "Product code" (a text field), "Company code" with the value "321123", "Training Ltd" (a text field), and "Country code" (a text field).
